

# FIN - MODEL: WP-LED1

## Endurance Wallpack

# WAC®

Fixture Type:

Catalog Number:

Project:

Location:

### PRODUCT DESCRIPTION

Die cast aluminum factory sealed housings with patent pending design for a water and dust proof IP66 rated outdoor luminaire

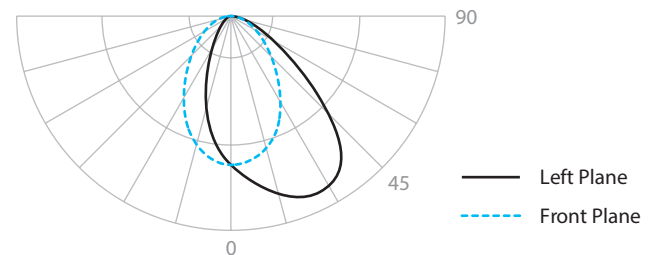

### FEATURES

- Factory-Sealed LED Light Engine
- 20° Forward Throw Illumination
- Photo/Motion Sensor Compatible (Sold Separately)
- Built-in Level For Easy Adjustment
- Suitable to install in all directions
- Multi-Function Dimming: ELV (120V) or 0-10V
- 85 CRI
- 100,000 hour rated life

### SPECIFICATIONS

|                                   |                                                                                                                 |
|-----------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Construction:</b>              | Die-cast aluminum                                                                                               |
| <b>Power:</b>                     | Integral driver in luminaire. Universal voltage input (120V-277V)                                               |
| <b>Dimming:</b>                   | 100% - 30% with 0 - 10V dimmer (120V - 277V)<br>100% - 15% with Electronic Low Voltage (ELV) dimmer (120V only) |
| <b>Finish:</b>                    | Architectural Bronze, Graphite, and White                                                                       |
| <b>Standards:</b>                 | IP66, Wet Location, ETL & cETL Listed                                                                           |
| <b>Total Harmonic Distortion:</b> | 35%                                                                                                             |
| <b>Operating Temperature</b>      | -40°C (-40°F) to 40°C (104°F)                                                                                   |
