Description

Nathan Yong is the man behind the N-chair collection. "I like my designs to evoke a sense of wonder", he says, and that is exactly how we feel about this seating range.

Designer Nathan Yong

Inspired by observation of the visual environment, Nathan Yong challenges the existential questions of the objects. Instead of superfluous details, he captures the poetry of products through a stripping process. Objects lend qualities that are informed by a lightness of restraints. Based in Singapore, Nathan runs a multi-disciplinary design consultancy spanning fields such as graphic, industrial, interior and architectural design, along with strategic planning in product development, manufacturing process and branding.
