Description

Nathan Yong is the man behind the N-chair collection. "I like my designs to evoke a sense of wonder", he says, and that is exactly how we feel about this seating range. Varnished for extra protection.

Designer **Nathan Yong**

Inspired by observation of the visual environment, Nathan Yong challenges the existential questions of the objects. Instead of superfluous details, he captures the poetry of products through a stripping process. Objects lend qualities that are informed by a lightness of restraints. Based in Singapore, Nathan runs a multi-disciplinary design consultancy spanning fields such as graphic, industrial, interior and architectural design, along with strategic planning in product development, manufacturing process and branding.
