Description

The Wabi Sabi collection of glass trays is inspired by nature. Designer Dawn Sweitzer explains: "While traveling through the blue ridge mountains, the vista became almost like a layered water color painting. Sky blues, grey and mist colors layered the horizon. As the sun was setting it took on a whole new color palette with warm autumn hues like sienna, sand, sepia." Or how you can find beauty in the not-so-perfect.

Designer Dawn Sweitzer

An overflow of creative energy and a profound interest into the world of craftsmanship is what jump-started Dawn Sweitzer's journey as an artist. Her works are expressions based on travel, enriching cultures, textures within the landscape, photography, food and fashion. There is no fixed formula to how designs are conceived, they blend ideas, they reference vintage with modern. Within her beautiful North Carolina studio, Dawn works, plays and discovers in a variety of media: paint, woven textile, mirror and glass, home accessories and decorations
