

Sequence dining table - varnished mahogany - dark brown - rectangular 240/110/76

Description

Inspired by the rhythmic flow of repetition and variation, the Sequence dining table brings a sense of movement to your space. Solid wooden elements form a sculptural base, where alternating shapes create a balanced interplay of presence and openness. A smooth tabletop provides a quiet contrast, grounding the design in simplicity.

Designer Alain Van Havre

For Alain van Havre, inspiration is everything. Deeply connected to his environment and passionate about natural materials, he has developed an exceptional expertise for woodworking. Over the years, he has created his own visual language centred around form, a translation best described in collections such as the Bok, Graphic, Pl, and Stairs. He believes that for someone to connect with a design, it is important to bring it closer to nature. Over the past 20 years Alain has played a pivotal role in influencing the Ethnicraft designs we know and love today.
